## SAFETY EVALUATION

**The cosmetic product listed below from the manufacturer “Dalila Cosmetics” Ltd., Latvia: Brow Oil “DALASHES No. 1”-** does not cause damage to the human health when used under normal and standardized circumstances of use taking into account the product presentation, labeling, instruction for use and disposal warning statements as well as any other information provided by the manufacturer or his authorized agent or by any other person responsible for placing the product on the market. Product is safe (MoS > 100) both for consumers and for involved professionals.

Cosmetic product meets internal standard and is manufactured according to recipes, specifications and the technological significances of internal regulations approved in the prescribed manner of compliance with sanitary rules and the Cabinet of Ministers of the Republic of Latvia regulation №. 354 of 02 July 2013: "Essential Requirements of Assurance Procedures for Cosmetic Products" and, accordingly, to the Regulation (EC) No 1223/2009 of the European Parliament and of the Council of 30 November 2009. Cosmetic product is not tested on animals.

The careful selection of ingredients, packing and adherence to the rules GMP is guaranteed for the safety of the finished product. Ingredients used in cosmetic product are mostly natural and have MSDS according to Regulation (EC) Nr. 1907/2006 (REACH), Article 31, and Regulation (EC) Nr. 453/2010. Other ingredients (essential oils) from manufacturer “Payan Bertrand” Ltd (France) or other manufactured are of natural origin. All essential oils conform to the annex I and the latest IFRA guidelines (Amendment Nr. 48) for the cosmetic applications (safety evaluations are provided by the suppliers).

Cosmetic product is not affected by the **GMO problem**. Therefore, the product does not need to be labeled with regards to any genetic modification as per the new GMO Regulations 1829/2003 and 1830/2003.

**TSE/BSE risk:** All ingredients are of vegetable or synthetic origin. During production, storage and transportation there is no contact with any animal material and cross contamination is excluded. Therefore, the requirements of Comm. Direc. 1999/82/EEC, CPMP/BWP/1230/98, Ph.Eur.Suppl. 2000:5.2.8 are not applicable.

The product has been produced by a company operated according to the rules of good manufacturing practice GMP and tested to ensure good microbiological quality. As a result of our evaluation the product has been classified as: **SAFE**.

**Storage:** Light protected, at min. +5° C to max. +25° C, Brow oil is packaged in amber glass bottles, designed for direct contact with food, cosmetics and pharmaceuticals.

**Expiry date:** 18 months of manufacturing date.
